GoldBridges Global Resources plc
("GoldBridges" or the "Company")

GoldBridges Global Resources plc is pleased to announce that its Sekisovskoye mine development project has been approved by the Ministry of Industry and New Technologies (MINT) for inclusion in the State Program on Forced Industrial-Innovative Development (SPFIID).

According to the terms of the SPFIID, the government will build infrastructure to expand the current connection of the Sekisovskoye project to main electricity and transportation networks.

The SPFIID was established in 2010 as part of President Nazarbayev's initiatives for modernisation of the Kazakhstan economy and pledges state support to selected projects by providing financing facilities such as grants and low interest loans, infrastructure development and policies to remove bureaucratic hurdles

Aidar Assaubayev, CEO of GoldBridges Global Resources Plc. commented:

"We are delighted to receive MINT approval, which is a very important step in the development of the Sekisovskoye project."
